

Committee on Academic Programs and Policies  
Annual Report, 2003-2004  
Submitted by Jennifer Gerner, Chair

- The Committee on Academic Programs and Policies considered the Proposal for a Ph.D. in Computational Biology, recommending to the Faculty Senate that this be approved. It was approved by the Faculty Senate in April.
- The Committee on Academic Programs and Policies considered the Proposal for a Ph.D in Apparel Design, recommending to the Faculty Senate that this be approved. It was approved by the Faculty Senate in May.
- The Committee on Academic Programs and Policies had a preliminary discussion of the Joint Masters Degree between the Hotel School and Nanyang. We will again discuss the final documents at the beginning of the fall semester. At that time we will determine what recommendation to make to the Faculty Senate.
