

Faculty Committee on Program Review
Annual Report, Academic Year 2009-10
Clif Pollock and Kristin Walker

History: The Faculty Committee on Program Review (FCPR) was created by the Faculty Senate in 1996 to implement periodic external reviews of departments as mandated by President Rawlings. Peter Stein chaired the first committee, which established procedures, guidelines, and the review cycle for the entire university. In January 2001, Stephen Hamilton was appointed as Chair. Under Steve's guidance the FCPR worked to standardize and streamline the guidelines and procedures, including a revised format for self studies. Joanne Fortune became Chair in January 2003. With Joanne's leadership, the committee brought to completion a backlog of over thirty reviews that had accumulated because of late reports by deans and department heads. Jim Jenkins succeeded Joanne in January of 2005, with the challenge of completing the first cycle of reviews and beginning the second. In September 2007, Brian Chabot was appointed Chair. Under Brian's direction, the schedule for the second cycle of reviews was completed in 2008 and the second-cycle reviews began in 2009. During spring 2009, the FCPR acted in concert with the Provost to temporarily suspend external review site visits as a budget savings measure. The resources saved were both the direct costs of the reviews and the time costs for faculty and staff. Clif Pollock became Chair in September 2009.

Kristin Walker continues to provide staff support to the committee and to maintain the "historical" record of the reviews.

Accomplishments: During the past year, one report covering a review in academic year 2006-2007, two reports covering reviews in academic year 2007-2008, and six reports covering reviews in the previous academic year were sent to the Provost; two are still pending. No site visits by an external review team (ERT) took place. Four departments are preparing for their site visit and they should be completed during the coming year (Appendix I). Appendix II summarizes the progress of the first and second review cycles over the past eleven years.

Summary: The committee completed a year in which eleven reviews were active. Nine of these are now completed, but reports on the Johnson Graduate School of Management and the School of Hotel Administration reviews are still pending. As a budget saving measure, no site visits by an external review team took place during the 2009-10 academic year.
