

RESOLUTION ON RULE ON FINAL EXAMS

WHEREAS, the current rule for final exams does not allow for exceptions, "...each course should require a final examination or some equivalent exercise ... to be conducted or due during the period set aside for final examinations." (2002 Faculty Handbook, p. 81), and

WHEREAS, some courses are not following this rule in practice because of the nature of their cumulative final projects,

THEREFORE, BE IT RESOLVED that an addition be made to the end of this rule that states, 'unless there is a written approval from the Dean of the Faculty,' and

BE IT FURTHER RESOLVED that the Dean of the Faculty be encouraged to publicize this rule and that an annual summary of the exemption requests be shared with EPC.
