

15:32:35 From Tracy Stokol to Jill Short(Direct Message) : Jill, why is the chat restricted?

15:32:57 From Yael Levitte to Jill Short(Direct Message) : so we no longer have chat to all participants?

15:33:23 From Courtney Roby to Jill Short(Direct Message) : Hi Jill, I see there is no option to chat to everyone. Is there a reason that functionality went away since last year, or am I just having technical difficulties?

15:34:07 From Courtney Roby to Jill Short(Direct Message) : OK, never mind. I'd like to register my discontent with the change if you can relay that to anyone. Thanks!

15:34:21 From Yael Levitte to Jill Short(Direct Message) : answered :-)

15:36:34 From Tracy Stokol to Jill Short(Direct Message) : Got it:)

15:38:07 From Richard Bensel to Jill Short(Direct Message) : Hi, Jill...How do I send a private message to another Senator?

15:41:49 From Jill Short to Richard Bensel(Direct Message) : Prof. Bensel,

15:42:03 From Jill Short to Richard Bensel(Direct Message) : That feature is not enabled for this meeting. Thank you.

15:42:28 From Richard Bensel to Jill Short(Direct Message) : Why?

15:43:08 From Jill Short to Richard Bensel(Direct Message) : That is Dean De Rosa's preference. You may discuss with her at another time.

15:46:31 From TJ Hinrichs to Jill Short(Direct Message) : Are students' classroom contacts being contact traced?

15:47:06 From TJ Hinrichs to Jill Short(Direct Message) : I keep hearing faculty and TAs saying STUDENTS, not contact tracers, are informing them of positive tests.

15:48:05 From TJ Hinrichs to Jill Short(Direct Message) : If classroom contacts are not included in tracing, how are we to know? — some people are getting positive test results AFTER they have attended classes

15:58:27 From Kora Elisabeth Bättig von Wittelsbach to Jill Short(Direct Message) : Jill, why are comments sent to all disabled ? Thanks.

15:58:29 From Richard Bensel to Jill Short(Direct Message) : For all the Faculty Senators: The private message system should be enabled.

16:12:04 From Eve DeRosa : I made the choice for the comments to only go to the Office of the dean of Faculty to promote discussion “on the floor” and to create as much as possible an -in-person facsimile.

16:25:53 From Eve DeRosa : Yes, I should have mentioned that the chat will be posted publicly after the meeting

16:36:15 From ceb278 to Jill Short(Direct Message) : It's a joy being back teaching live...there is nothing that replaces it. However my first day in my Freshman writing class was in a tiny room in which 17 students were seated side by side in Uris 333. It was an impossible situation. Fortunately I was able to have the room changed to Africana much larger room. I believe the university needs to create a new building that is organized for teaching in a contemporary context. Our classrooms are often not well resourced and we deal with old equipment sometimes. I support the resolutions in these conditions and think we should have some choice in how we deliver our classes, particularly in situations like the one I described earlier.

16:53:18 From Wendy Wilcox (she/her) to Jill Short(Direct Message) : Can you please share this chat that the Speaker is doing an incredible job? This meeting and discussion was very nicely run!

16:54:52 From Eve DeRosa : Thank you Jonathan. Thank you Risa and Richard. And thank you everyone for attending, especially those you contributed to the Discussion.

16:56:10 From Jonathan Russell-Anelli to Jill Short(Direct Message) : please return chat
