

Resolution 175: ILR to adopt Research Professor title

Q2 - Are you in favor of the Resolution for the School of Industrial and Labor Relations to adopt the use of the title Research Professor?

Vote results: 75 Yes, 4 No, 8 Abstain and 41 DNV

Q11 - Comments

My understanding is that Research Professors are expected to generate their own salaries through competitive grants and other external sources. This is a high hill to climb. Few Cornell tenure track faculty can do this. I think this is an unrealistic expectation for RTE faculty. I am not in favor of use of this title in any college. Research Scientist, or Senior Researcher would be preferable to me.
