I definitely agree that Administrative burden is too much.

15:54:06 From Betsy Bihn (she/her), PSA Director To Everyone:

I think compliance is a burden as well. Asking PIs to double check travel for everyone in their teams, especially if you have a large team that travel a lot, there is no time to double check all their travel. This says nothing of checking every transaction in every grant once a month.

Carl's question is very important. The Faculty Senate, despite several resolutions on this issue, had never been permitted to vote on the Global Hubs program. Another visit by Wendy Wolford would not be a substitute.

Jill, I'm here -- had to come late. Risa Lieberwitz, ILR. Thanks!

16:21:27 From Richard Bensel To Everyone:

Thanks, Courtney! Here at Cornell, I have found that punishment for plagiarism (a related issue) is often so delayed and mild that some faculty have just thrown up their hands.
