

**Faculty Committee on Program Review
Annual Report, Academic Year 2022-23**

Silvia Ferrari and Kristin Walker

History:

- **1996** - The Faculty Committee on Program Review (FCPR) was created by the Faculty Senate in 1996 to implement periodic external reviews of departments as mandated by President Rawlings. Peter Stein chaired the first committee, which established procedures, guidelines, and the review cycle for the entire university.
- **2001** – In June 2001, Stephen Hamilton was appointed as Chair. Under Steve’s guidance, the FCPR worked to standardize and streamline the guidelines and procedures, including a revised format for self-studies.
- **2003** – In January 2003, Joanne Fortune was appointed Chair. With Joanne’s leadership, the committee brought to completion a backlog of over thirty reviews that had accumulated because of late reports by deans and department heads.
- **2005** – In January 2005, Jim Jenkins was appointed Chair, with the challenge of completing the first cycle of reviews and beginning the second.
- **2007** - In September 2007, Brian Chabot was appointed Chair. Under Brian’s direction, the schedule for the first cycle of reviews was completed in 2008 and the second-cycle reviews began in 2009. During spring 2009, the FCPR acted in concert with the Provost to temporarily suspend external review site visits both as a budget savings measure and because the immediate financial stress departments were experiencing might perturb the review’s intended long-term view.
- **2009** – In September 2009, Cliff Pollock was appointed Chair. While reviewers were suspended, all college Deans were interviewed on the strengths and weaknesses of the external review process, and revised guidelines for the self-study were established. External reviews began again in 2012 using these new guidelines.
- **2013** - In December 2013, Geoffrey Coates was appointed Chair. During spring 2015, the Provost approved increasing the regular number of external review team members for every site visit from 3 to 4 reviewers.
- **2016** - In January 2016, Linda Nowak was appointed Chair. During fall 2016, the Provost approved increasing (doubling) the honorarium for external review team members for every site visit from \$1,250 to \$2,500 for the chair of the team and from \$1,000 to \$2,000 for the other 3 members of the team.
- **2017** – In July 2017, Anthony Bretscher was appointed chair.
- **2018** – In January 2018, Avery August was appointed ex-officio.
- **2019** – During fall 2018, the Provost approved increasing the number of external review team members by 1 (from 3 to 4 members) for every site visit. On July 1, 2019, Sean Nicholson became chair.
- **2020** – In March 2020, travel restrictions were imposed in response to the COVID-19 pandemic and spring 2020 program reviews were postponed. As travel restrictions were extended, several fall 2020 programs reviews were postponed.
- **2021** – During fall 2020, two reviews were conducted on Zoom. During spring 2021, all reviews were postponed due to COVID-19. University administration would like to continue to conduct program reviews (either entirely or partially) virtually as much as possible.

- **2022**: During Fall 2021 and Spring 2022, reviews were conducted partially virtually. The Committee revised the self-study format. In June 2022, Silvia Ferrari was appointed Chair.
- **2023**: In June 2023, Silvia Ferrari agreed to extend her term as FCPR Chair by one year. During spring 2023, all external review site visits were conducted in person.
- Kristin Walker continues to provide staff support to the committee and to maintain the "historical" record of the reviews.

Academic Year 2022-2023 Accomplishments:

- **Four** external review site visits were completed, and external review reports are in various stages of completion.
- **Ten** departments are preparing for their site visit and their reviews should be completed during the coming year (Appendix I). In consultation with the Deans and Department chairs, the scheduled date for a few reviews were adjusted to best fit the resource availability of the department. Appendix II summarizes the progress of the first and second review cycles over the past 21 years.

Challenges:

- On June 31, 2023, four members will cycle off the committee. To ensure broad representation among the colleges, we will aim to replace them with faculty from Agriculture and Life Sciences, Arts and Sciences, Computing and Information Science, Hotel, Law, and/or Public Policy.
- Due to the 2-year hiatus of program review for budgetary reasons, departmental reorganizations, and mergers, hiring of new department chairs, and travel restrictions imposed in response to the COVID-19 pandemic, some departments are at risk of failing to be reviewed within the desired 10-year window.

Summary: The committee completed a year in which **four** reviews were active. Of these, **four** external site visits and external review team reports were completed and are awaiting responses from departments/deans. **Ten** departments are in the process of scheduling their site visits.

Due to the 2-year hiatus of program review for budgetary reasons, departmental reorganizations, and mergers, hiring of new department chairs, and travel restrictions in response to the COVID-19 pandemic, some reviews are falling short of being reviewed within the required 10-year window.
